MEMORANDUM FOR: Chief, Support Staff, NPIC

ATTENTION : Chief, Security Branch

SUBJECT : T-KH-SI Clearance Request

25X1 1. It is requested that [] Senior Scientist with the U.S. Army Behavioral Science Research Laboratory (formerly the Personnel Research Office), be granted Agency Top Secret and T-KH-SI clearances.

25X1 2. [] is one of the government's most experienced research psychologists in the field of image interpretation. His many years of service with the Army investigating tactical reconnaissance and exploitation problems would be of extreme value to NPIC if [] were granted access to our operation. His expertise especially in the field of human factors as applied to interpretation would significantly aid TDS in administering its current and future human factors efforts. [] potential consultation in a fully cleared status is considered by TDS to be of substantial and unique benefit to NPIC, and is desired as soon as possible.
